PARIS: City of Light

The City is Paris, where the Arc de Triomphe curves majestically over the Champs Elysées and the Eiffel Tower pierces the Parisian skyline. This intimate exploration of the world's most glorious city traces Paris' history and culture through its architecture, monuments, museums, artists and most notable citizens. Experience the *Joie de Vivre* of Paris in this **Museum City Series** DVD presentation that showcases a place where romance sits as aptly on display as the sidewalk cafes and street lamps illuminate the passionate evenings for the starry-eyed lovers who flock to Paris' sensual scenery.

"This lovely video introduces the history and culture of Paris... (we) applaud this appealing title." -Booklist

"...it will help you better understand what you see once you get there."
